## PRIME MINISTER'S VETERANS' EMPLOYMENT

COMMITMENT

### What is the Prime Minister's Veterans' Employment Program?

The aim of the Prime Minister's Veterans' Employment Program is to promote the benefits of hiring Australia's highly skilled ex-service men and women.

We want Australian employers to understand the value and unique experience of our veterans and encourage employment opportunities for those who have served our country.

### Why should you hire veterans?

Veterans are motivated, resilient and proven problem solvers. They can cope with unexpected and unpredictable situations.

They are great leaders, trained to deliver their best and get the best out of others. These skills are in strong demand and transfer readily to civilian employment.

### How can you get involved?

The Prime Minister's Veterans' Employment Commitment is open to all Australian businesses that would like to benefit from the skills and experience of Australian veterans. By signing the Commitment, your business can benefit from:

- Use of the Prime Minister's Veterans' Employment Commitment logo on your website and recruitment materials
- Your details being listed on the official [veteranemployment.gov.au](http://veteranemployment.gov.au) website
- Your information being shared with veterans looking to transition to employment
- Joining other high profile businesses as part of this initiative at networking events.

Australian Government

PRIME MINISTER'S  
**VETERANS'**  
**EMPLOYMENT**  
COMMITMENT

The Australian Defence Force (ADF) invests heavily in training its service men and women. This means that when they leave the ADF, veterans have a broad range of skills and experience.

Our business recognises the value and unique experience of our veterans and encourages employment opportunities for those who have served our country.

We will:

- Recognise the skills and value that veterans can bring to our business
- Support the employment of veterans, ensuring that veterans have equal opportunities in gaining employment with our business
- Aim to provide career opportunities in our business to veterans
- Actively seek to understand how veterans' skills and experience can translate into civilian skills and contribute to our business
- Provide suitable training, mentoring and coaching to veterans to assist their integration into our business
- Ensure our HR policies equitably support the recruitment and retention of all employees, including veterans.
